WELCOME TO THE TEEN CENTER

The To'Hajiilee Teen Center has been providing services to the community since 1983. It is one of 3 school-based health centers called "the ACL Teen Centers."

The ACL Teen Centers are operated by the UNM/ Department of Pediatrics/ Prevention and Population Sciences. The ACL Teen Centers are school-based learning and health centers that actively build on community strengths to support the development and empowerment of American Indian youth to be physically, mentally and emotionally healthy.

The mission is to provide clinical, counseling, health education, preventive and health promotion
